

thirty, and are employed by Armour, Swift and Morris. Their action will interfere seriously with work at the packing-house.

The strikers tried this morning to interfere with the non-union men who took their places and a large crowd gathered around Morris's building and threatened violence. Police and militia were sent to the scene and prevented trouble.

The butchers are expert workmen, and their places will be difficult to fill.

A company of cavalry has been detailed to the packing-houses.

The rumor is that the Milwaukee and St. Paul Railway men decided last night to strike is emphatically denied by officials of the road. General Manager Farling stated today that the men who had been on strike have returned to work, and that the road is running its trains without interference.

WAITING ON GOMPERTS.

American Federation Conference the Event at Chicago To-Day.

CHICAGO, July 12.—The event of today is the conference called for this morning at the Briggs House by President Gomper, of the American Federation of Labor. Mr. Gomper says the principal object of the meeting will be to discuss the course to be taken to get out of the present crisis. As to possible methods he refuses to talk.

Patrick McFadyen, Secretary of the United Mine Workers, said in reference to rumors of another miners' strike that neither he nor President McFadyen could order another strike of the miners, but if the American Federation of Labor should decide to take any action he would immediately go back and call a convention of miners and a strike would probably be ordered. He said further that the miners would strike if new men were sent to the mines by the railroads to haul coal.

Union League to Indorse Cleveland. There will be a joint meeting of the Board of Managers and the Committee on Political Action of the Union League Club this afternoon, to take action in expressing the sentiments of the Club in indorsement of the position of President Cleveland.

The Board of Trade, through its directory, has indorsed the course of President Cleveland, and in special session passed a resolution to that effect, which was telegraphed to Washington.

Stock Yards Switching. The switching department of the Stock Yards Company will resume work today, but on a small scale. The department has not resumed full work because of the reason that work was done by engines leased for the time to the packers, and the engineers and firemen were employees of the Company or packing-house. Brotherhood engineers have told Supt. Fitzgerald that they will return to work, and it is expected that considerable work will be done today.

Engineers See the End Near. It is thought that the engineers and firemen have commenced to regard their strike as lost. Many Rock Island employees, conductors, engineers and firemen, who realized what was approaching, feigned sickness and lost leave of absence. They were called in by the Company and told to return to their hands and that if too sick to work must become deputy marshals. These marshals expect to go to work now when called. Wabash engineers have gone back in numbers, and the Monon engineers are expected to follow today or to-morrow.

Arrest for Intimidation. George W. Lovejoy, of La Salle, Ill., prominent member of the American Railway Union, was arrested last night as he was stepping off a Rock Island train at the Van Buren street depot, by Deputy Marshal Logan, who had a warrant issued by Commissioner Hoyne. Lovejoy was a yardmaster in the employ of the Rock Island and had been charged with intimidating John T. Campbell, a telegraph operator in the employ of the road at Spring Valley, on July 4.

When Lovejoy reached the Marshal's office he at once wrote a note to President Debs and sent it to the strike headquarters by messenger. He was kept a prisoner in the office of the Marshal, but he was not locked up in the cage. Lovejoy said he was at Spring Valley when he heard that a warrant had been issued for him at Chicago, and came to the city to give himself up. He denied all knowledge of any attempts on his part to intimidate a telegraph operator.

Looking Out for Dynamite. In consequence of the dynamite explosion under a guard train on the Baltimore and Ohio last night, this side of South Chicago, it has been determined to send out two lieutenants instead of one with the guard train hereafter, and in case of a repetition of last evening's work, to stop the train, immediately detain a skinned line, and capture any one who may be near. Two mysterious explosions, one following closely after the other, were heard in the vicinity of Ashland avenue and Forty-seventh street about midnight. Officers were detailed to make an investigation, but their labors resulted in no clue. As far as could be learned, no damage was done.

The locality from which the explosions seemed to come is the centre of the anarchistic settlement at the stock-yards, and the stock-yards police are of the opinion that the explosions were the results of experiments in the use of explosives by a rabid Anarchist.

Veterans Volunteer. The following communication has been sent to the Secretary of War:

The undersigned, National Commander of the Regular Army and Navy Veterans, have decided to send a detachment of 100 men to the Philippines, to be stationed at Manila, to be in the present crisis. We believe in the preservation of life and property and the maintenance of all the laws that will maintain good government.

A meeting of ex-Union soldiers and Confederate soldiers took similar action.

Plumbers Won't Strike. The Plumbers' Union has decided not to strike. It is one of the strongest unions in the West, having 7,000 members.

TOLEDO BRACING UP. All Trunk Lines Running—No Michigan Central Strike.

TOLEDO, July 12.—The situation here is decidedly improved. All the trunk lines are running.

A MAJORITY AGAINST IT.

(Continued from First Page.)

They form only a small percentage of the workmen of this vicinity.

We expect to hear something from Chicago by to-morrow morning.

The strikers of the Rock Island are stationed at the door of the District Assembly headquarters, No. 5 Union square, all the time, and have been instructed to take the names of every one entering the office in the belief that the Executive Board is holding a meeting for the purpose of considering the strikers' manifesto. No such meeting, however, was held.

ST. LOUIS GOING SLOW.

Labor Delegates to Hold a Meeting Saturday Night.

ST. LOUIS, July 12.—The trades and labor union, composed of the organized labor bodies in this city, at a meeting last night adopted a series of resolutions which seem to portend a general strike of labor organizations in St. Louis.

Sympathy with the railroad strikers is expressed, and a meeting of delegates from all the labor organizations in the city is called for next Saturday evening, at which time the advisability of a general strike in support of the American Railway Union will be voted upon.

Southern Pacific Resumes Traffic.

EL PASO, Tex., July 12.—The Southern Pacific train west last evening, the first in ten days, Fireman Hopkins refused to work, as the train contained a Pullman car, but was notified by Chief Sargent to go ahead, as his order had not struck.

Santa Fe Striker Sent to Jail.

DENVER, Colo., July 12.—C. J. Bush, one of the Santa Fe strikers at La Junta, has been sentenced to forty days in the County Jail, the Judge being convinced that the prisoner had shown contempt for his order. The trial of twenty-five more is progressing, and deputies at Trinidad is now in progress.

A. R. U. Men Seek Work in Pueblo.

PUEBLO, Colo., July 12.—Three switch engines were put to work in the Rio Grande yards last night, freights were made up and sent out and the Company has all the men it needs. The A. R. U. men are being demoralized. Many members are inquiring for work and some are reinstated.

Fired at an Engineer.

TERRE HAUTE, Ind., July 12.—Passenger train No. 5 on the Chicago and Eastern Illinois, which arrived here last night, was fired on by a mob shortly after leaving Danville, Ill. The shots were directed at Engineer Hall, who returned the fire. No one was reported injured. The train due here from the South was seven hours late on account of the delay in the north.

Conductors Return to Work.

SPRINGFIELD, Ill., July 12.—Lincoln Division, Order of Railway Conductors, held a meeting and appointed a committee to confer with Trainmaster Palmer, of the Wabash. At the conclusion of the conference, the conductors all decided to return to work. Several had, as individuals, joined the strikers. There is no strike here among any of the labor unions.

Strike Over at Yuma, Ariz.

YUMA, Ariz., July 12.—The strike has ended here. All the railroad men have gone back to work and all trains are moving East and West.

Troops for Four Stations.

OGDEN, Utah, July 12.—Late last night a train left for the West on the Southern Pacific road, bearing four companies of the Sixteenth Infantry. Mail and express cars were sent out this morning. It is believed that the company of soldiers is to be stationed at Truckee, one at Wadsworth, one at Reno and one at Carlin.

Strike on a Union Pacific Branch.

SPOKANE, Wash., July 12.—All rail road communication with Coeur d'Alene is broken. A general strike has been ordered on the Union Pacific branch from Tekoa to the mines. The engine crew on last night's train had orders to stand by the engine all night and keep up fire for the outward trip today, but it is not believed they will be able to obey orders.

NO RIGHT TO OVERRIDE LAW.

A Denver Judge's Charge Regarding Strikers.

DENVER, Colo., July 12.—The Federal Grand Jury met last evening Judge Hallett, after calling their attention to the A. R. U. strike and instructing them to take action in this matter, said: "I think the principle upon which this strike has been carried out is beyond all reason. It is remarkable that the worst statesmen could not have predicted these conditions 100 years ago. It cannot be said because these unions have a noble purpose they have the right to override the laws of this country and to inconvenience the whole country."

JERSEY KNIGHTS WON'T QUIT.

LOOKING FOR KELLY.

But the Accused Ex-Ward Man Is Keeping Invisible.

Lexow Witness Ryan Concludes to Talk to Prosecutor Wellman.

A Truce Arranged Between the Various Counsel.

The latest development in the investigation of police matters by Francis L. Wellman, counsel for the defense, is that the defense has been made to secure an indictment against ex-Policeman James Kelly, formerly of the Leonard street station, who used to collect the sidewalk rentals from produce dealers and other merchants on the west side.

This was the secret of all the mysterious activity shown by Mr. Wellman and Assistant District Attorney McIntyre in the neighborhood of the Grand Jury room yesterday.

Both Mr. Wellman and Mr. McIntyre said this morning that no indictment has yet been presented against Kelly, although the defense admitted that a warrant had been issued for the arrest on evidence which makes out a case of bribery against him.

Kelly had not been arrested this morning, however, and there is good reason to believe that he is keeping himself outside of the city, as a warrant for his arrest is still in the hands of the police.

It is said, however, that Kelly subsequently returned to this city and was seen in town last week. The probability is that he got wind of the contemplated proceedings against him and took to the hills.

"I should know if Kelly had been arrested," said Mr. McIntyre this morning. "I have heard nothing about him yet."

"I do not know how this story about the finding of Kelly's body before the Grand Jury got out, and it is a great pity that it should have been published. It is a matter of which I have no chance to escape."

This is entirely a matter for the District Attorney's office, and Mr. Wellman in his capacity as counsel to the defense has nothing to do with it. The Grand Jury contemplated against any other police officials, and he had nothing to say upon that subject.

"Things are progressing very favorably," he said. "The case is being handled in a very satisfactory manner."

"I have come to a very satisfactory understanding with Mr. Goff and Mr. Ryan, and I am sure that the case will be handled in a very satisfactory manner."

Mr. Wellman did not say how the case was being handled, but he said that he was sure that the case would be handled in a very satisfactory manner.
